

VIA MOTIF

ABOUT VIA MOTIF

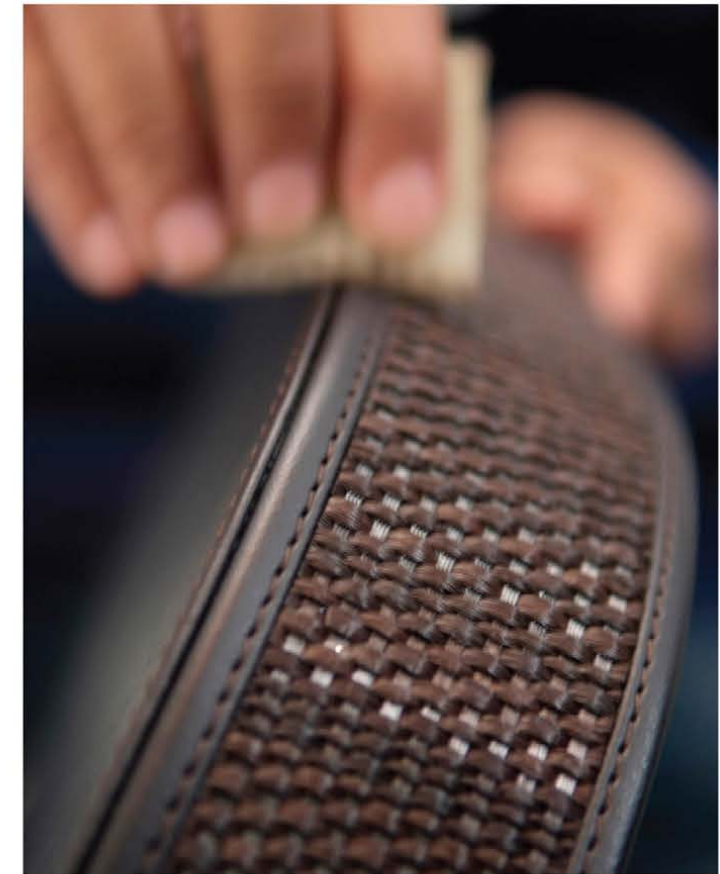

The Via Motif story begins, simply enough, with classic geometric form; the symmetry of clean lines combined with classic shapes to create a timeless sense of balance, beauty and artistry. For over 20 years, Via Motif designers have drawn inspiration from the harmony of blending simple classic shapes with an ever-expanding collection of luxurious, tactile materials created by skilled artisans at our company-owned manufacturing facility in Indonesia. Here, our dedicated staff takes tremendous pride in creating our coordinated collections of expertly crafted guest home, guest bath and public space accessories for upscale hospitality interiors.

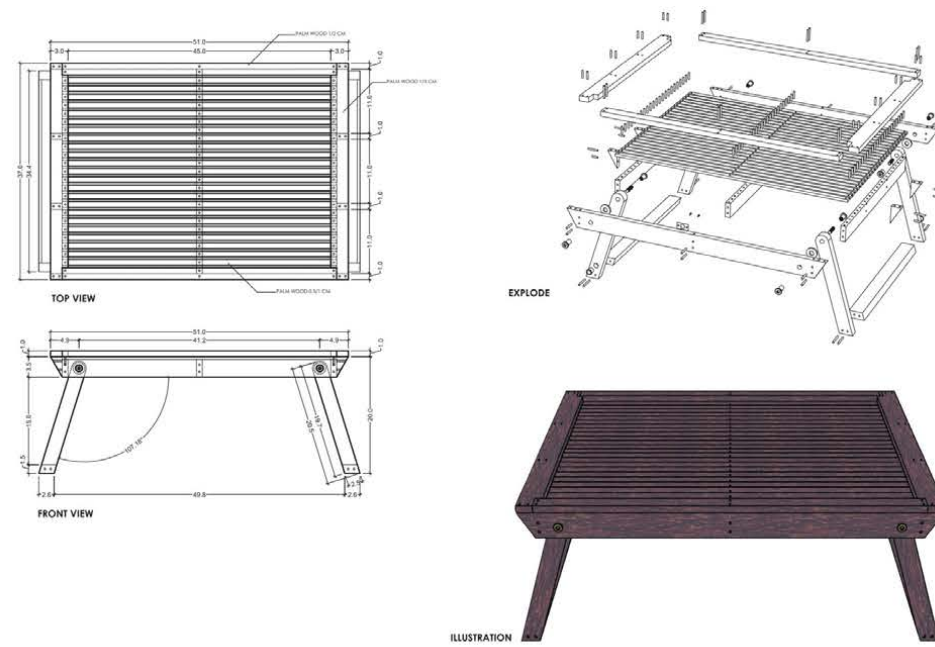

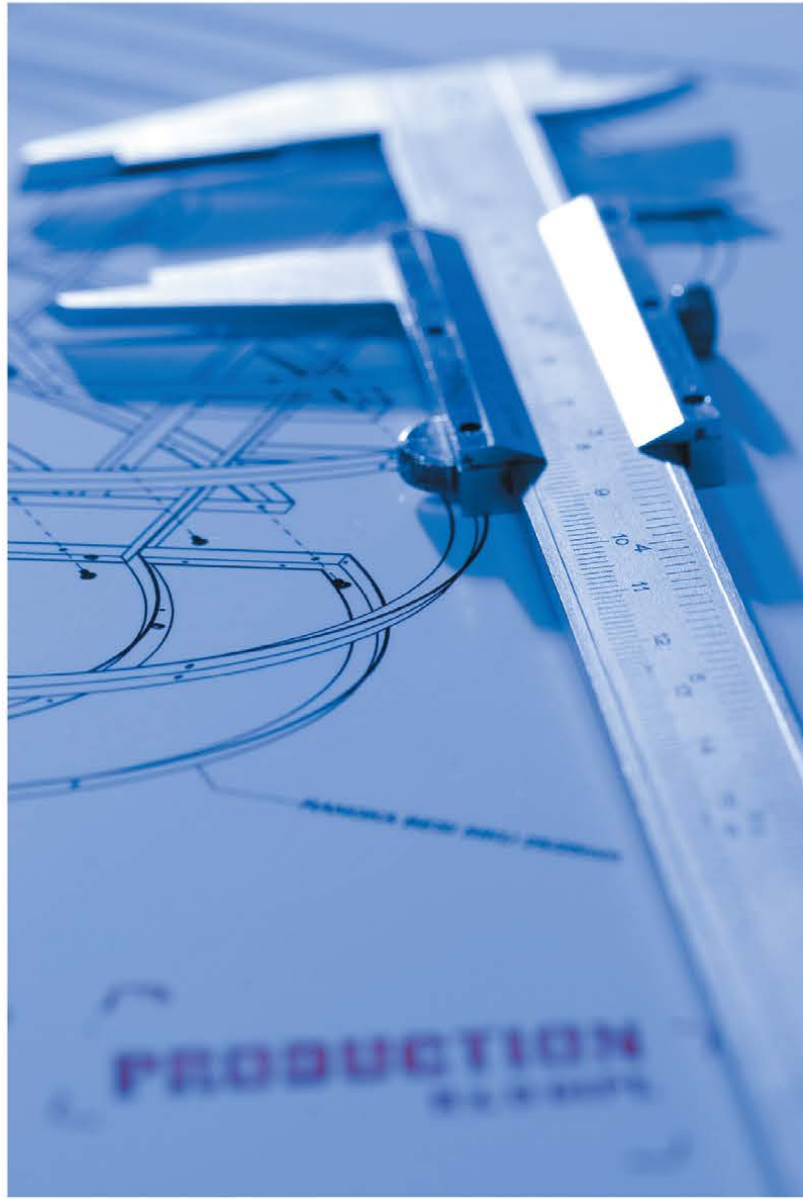

Via Motif's international design, manufacturing and sales teams work collaboratively on innovative textiles, production techniques and extraordinary new product collections that convey our company's distinctive vision of elegant simplicity. By combining state-of-the-art design technology with the heritage of handcrafted artistry, Via Motif has risen to prominence as a trusted design and manufacturing resource for a prestigious list of hotels, resorts, spas and restaurants. Yet, while we grow and expand to meet the changing needs of our global customer base, we work diligently to retain the basic principles of classic form, exquisite textiles and outstanding quality upon which Via Motif was founded.

DESIGN

Beyond our extensive signature collections, Via Motif offers unique custom capabilities to the hospitality and design industries. With our in-house design studio, we are able to manage the entire process – from concept to fabrication – utilizing stunning materials developed from primarily sustainable resources. We collaborate with hotels, resorts, spas and restaurants around the world to create beautiful customized collections that reflect a reverence for nature and an appreciation for traditional craftsmanship.

Our development team is constantly expanding our range of custom capabilities as we strive to provide our hospitality clients with inventive products to enhance the guest experience. Custom coloration, applied imagery, and applied texture through embroidery, embossing or engraving are just a few of the methods that we utilize to create unique bespoke collections.

COLLECTIONS

PANDAN

handwoven natural fiber

14
