GEORGETOWN SERIES

GTW-103B
Shown with optional Integrated
Hand Hold

The end of the American Revolution gave way to the birth of a bold new nation and an exciting era of transformation known as the Federal period – an age of independence and rise to a uniquely American furniture style. Gasser now introduces the Georgetown series; a revolutionary statement that re-awakens this historical period, capturing its rich heritage by evoking classic imagery from ‘across the Potomac’ with a modern day edge.

STANDARD FEATURES

- Total weight of only 13 Lbs
- Webbed Easy-Change Deck Seat
- Hi-Density Molded Foam Seat Cushion
- Eco-Friendly Powder Coat Leg Finish
- High-Strength Aluminum Ribbed Tube Frame

Hand Trucks

Gasser HT series Stack Chair Hand Trucks are constructed with a welded assembly of heavy gauge steel tube protected with a durable Powder Coat finish; two upholstered cross members provide support for the back of the chairs; two 10" solid rubber tires mounted on steel wheels with a ball-bearing assembly are standard; 10" pneumatic tires are available at additional cost.

Heavy Duty Hand Truck

The Gasser Heavy Duty HT-23 Stack Chair Hand Truck is constructed with a welded assembly of heavy gauge steel tube that is protected with a durable, Eco-Friendly Powder Coat finish. An upholstered pad is positioned to support a stack of chairs with two 10" pneumatic tires mounted on steel wheels with a ball-bearing assembly and two 4" solid hard rubber swivel casters positioned at both the front and rear of the hand truck.

This HD Hand Truck is designed to tilt back on the rear set of wheels in order to safely transport a stack of 10 chairs with less effort and better efficiency. It is ideal for use when many chairs are being frequently moved.

NOTE: A different HT-23 Hand Truck is built to meet the size requirement of each stack chair model series. It is important to indicate the specific Gasser stack chair series being used when ordering.

Stack Chair Storage Carts (Chair Dollies)

The Gasser Stack Chair Storage Cart is constructed of heavy gauge steel that is protected with a durable, Eco-Friendly Powder Coat finish. Four 5" solid rubber casters, each mounted on steel wheels with a 360° ball-bearing swivel assembly, are lock-bolted to the support frame to allow for easy mobility.

The CD-10 allows for more chairs to be stacked on each cart.

NOTE: A different Stack Chair Storage Cart is built to meet the size requirement of each stack chair model series. It is important to indicate the specific Gasser stack chair series being used when ordering.
