MAKING SPACES AGILE

Rokkadot®

work-agile.com

Making spaces agile

Born out of two decades of manufacturing bespoke reception areas, Workagile was created to design workplace furniture that explores the relationship between staff wellbeing and productivity.

With strong emphasis on the need for adaptability in today's ever-evolving workplaces, we conceive innovative designs that encourage communication, collaboration and creativity around the world.

We believe that a truly agile workplace will always provide choice and our ethos is all about creating spaces that offer just that; this is how we thrive in making spaces agile.

Agile working is all about creating a space that provides choice

Rock & roll

Rokkadot® is a unique rocking workstation that brings an element of playfulness to the workplace with its integrated desk platform the perfect place for your notes, laptop or just a good book.

With its calming rocking motion, known to be associated with reducing stress and promoting wellbeing, designed to increase productivity and focus in the workplace.

It's all in the detail

Look closely and you'll see the attention
to detail that goes into all our products

Removable cushion with
1" recon foam & 1" soft foam
in your choice of upholstery

Strong lacquered formed
plywood top with pencil groove

Customizable powder-coated
1" radius steel tubes
support the worktop

Lacquered formed
plywood base construction gives it its
calming rocking motion

Made to measure

Rokkadot is the perfect size for small and large spaces and can be easily moved with its smooth underside - key to its effortless rocking motion - enabling it to glide seamlessly across all surfaces.

The angles have been ergonomically designed to promote good posture as well as comfort to ensure that the product is the perfect fit for everyone.

116-1001/2/3

30" x 19" x 47"

Connecting the dots

Rokkadots can be grouped together to create a place that encourages social connection and collaboration, or used individually as a serene space for working independently.

This flexibility contributes to a truly agile environment, providing a playful alternative to your average desk at the same time as promoting staff well-being.

Finishing touches

Approaching Salutogenesis

Salutogenesis is a medical approach focusing on factors that support health and well-being; an approach at the heart of our work in today's evolving workplaces.

The term itself means 'sources of health' and originates from the Latin word 'salus' (health) and the Greek word 'genesis' (source).

Spoilt for choice

Additional options are available to further customize your product and suit your needs

Logos can be printed onto the upholstery or milled into wood to keep on brand

Anti-microbial lacquer for extra safety and hygiene

As nature intended

We only use timber from sustainable sources, certified by the Forestry Stewardship Council (FSC®) and Programme for the Endorsement of Forest Certification (PEFC).

Our environmental management is evidenced by our ISO 9000 and ISO 14001 accreditation, as well as our partnerships with the FISP and the World Land Trust..

We even plant a tree for every order we receive to offset our footprint!

Helping Deliveroo work agile

We worked closely with the Deliveroo on their agile workspaces and, after some initial collaboration with them, they were keen to try the Rokkadot out in the team event/breakout space.

Working with the Deliveroo team, we were able to create a suite of Rokkadots that aligned with their brand. We selected fabrics to link in with their branding as well as bespoke upholstery incorporating the Deliveroo logo for a truly unique look and feel.

“ We were able to create a suite of Rokkadots that aligned with their branding. ”
